

MEMORANDUM FOR : Deputy Director for Operations

STAT

FROM : Director of Central Intelligence

1. Just a brief note to express how very helpful I found our meeting last week. I appreciated your candor and valued the chance to hear your views on those issues time allowed us to explore.

2. As a result of our meeting, I have asked my Special Assistant, [redacted] to set up a series of panels representing various cross-sections of interests in the Agency to develop recommendations for improvement which I might consider. It is my hope that these panels will be instrumental in generating new and innovative ideas and permit wide involvement in the formulation of future Agency policy.

STANSFIELD TURNER  
Director
